HOW IT WORKS

Any educator or student can facilitate the training session in one class period. During the training session, students practice on a Mini Anne Plus manikin while watching and learning CPR skills on the DVD. The kit comes complete with a facilitator guide and a facilitator binder that include a Lesson Plan, pre- and post-tests, a certificate of participation, and additional resources. This method is a research-proven way for students to learn and retain the lifesaving skills of CPR.

KIT CONTENTS

The CPR in Schools Training Kit (AHA product #15-1015) includes

- 1 wheeled classroom carry bag
- 10 Mini Anne Plus inflatable manikins
- 10 individual carry bags
- 1 hand pump for manikin inflation
- 5 practice-while-watching training DVDs
- 1 Facilitator Guide
- 1 Facilitator Binder that contains the Lesson Plan, pre- and post-test, and additional supplementary material
- 10 AED training simulators
- 2 mesh collection and storage bags
- 10 replacement airways
- 10 replacement face masks
- 50 manikin wipes

The all-in-one kit contains everything needed to facilitate CPR in Schools training for 10-20 students at once. The process can be easily repeated to train an entire class, grade, or even entire school. One kit can train hundreds of students!
